**RFP No.: PSD 06-HPA-23**

**MULTIPLE SUBSTANCE ABUSE TREATMENT  
SERVICES FOR MALE AND FEMALE PAROLEES ON  
OAHU**

This addendum clarifies the following inquiry and any similar to it in nature:

Question: On page 2-3, II.A.1.c)—are the Drug Free Workplace Assurance and Federal Certifications required? Its not checked off on the list in Section 5.

**Response: The above certifications are required as with any ADAD standard.**

Question: On page 2-15 and 2-16, Item 4—Output and performance/outcome measurements:

**Response: The 12 areas are taken from the Client Data System (CDS) form that is a mandatory form that needs to be completed by the vendors for ADAD. The "threshold percentage of achievement" would be obtained from the CDS stats. For example, for question #1, "Number of clients completing treatment," would take into consideration, the number of clients entered, and provide the percentage of clients that actually completed the treatment. Vendor needs to refer to their CDS form/CDS manual in order to understand the performance measures.**
